

Chebil Slah

FullStack JavaScript Developer

(216) 54 369 281 | sleh.chebil.sc@email.com | linkedin.com/in/slah-chebil

SUMMARY

Experienced Full-stack JavaScript Developer with 4 years of hands-on experience with expertise in ReactJS, ReactNative, Angular, NestJS, and advanced technologies like LLMs, FineTuning, and LangChains. My collaborative personality and technical skills help me integrate quickly and perform effectively in diverse environments.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, Java, ES6, ES5

Frameworks and technologies: ReactJs, NextJs, Angular, ReactNative, NodeJs, NestJs, Nx, Lerna

Libraries & Tools: Redux, ReactQuery, Lerna, GraphQL, Tailwind, Bootstrap, Jest, Selenium, Git, Docker, CI/CD

PROFESSIONAL EXPERIENCE

Proxym GROUP

📅 Since August 2022 📍 Sousse, Tunisia

CORIS Corporate

Since June 2025

Corporate banking solution

React, ReactQuery, Lerna, ChakraUI

- Architected a scalable corporate platform that will enhance operational efficiency for other corporate projects .
- Theme customization to ensure a consistent design system across the application.
- Develop shared Banking business modules.

BICICI

Dec 2024 – May 2025

Digital Banking Customer OnBoarding

React, Redux Saga, FormIO, ChakraUI

- Managed the front-end architecture using ReactJs and Lerna for modularity and efficient codebase management.
- Achieved performance improvement by implementing lazy loading, optimizing chunk load time, and refining asset delivery.
- Led the development of a responsive cross-browser platform for seamless banking operations.
- Implemented Git pre-commit hooks and automated linting to enforce code quality standards.

Dukhan Bank

Apr 2023 – Nov 2024

Retail and corporate omnichannel solution

Angular, Cordova, NgRx, Bootstrap, IBM MobileFirst

- Integrate responsive and customized UI components for both mobile application and web.
- Integrate push provisioning for Google Pay SDK.
- Managed code versioning and continuous integration with GitLab and deployment to staging and production servers.
- Improved SonarQube report and fixed bugs.

Trainee Platform

Jan 2023 – March 2023

Internal solution for trainee recruitment

NextJs, NestJs, ReactQuery, Prisma, Redis, GraphQL

- Led the database migration and schema design using Prisma, ensuring a smooth transition from the development environment to production.
- Implemented Redis caching to optimize query performance.
- Worked with the DevOps team to define CI stages and implemented CI/CD pipelines.
- Reduced API response times by 75% using Redis caching.

FicheCollab

Sept 2022 – Dec 2022

Retail and Corporate Omnichannel solution

Angular, Cordova, NgRx, Bootstrap, IBM MobileFirst

- Created and prepared the project architecture, ensuring scalability and modularity for future enhancements.
- Managed code versioning and continuous integration with Gitlab
- Developed and executed unit tests to ensure the reliability and maintainability

MasterBox RS - Internship

📅 June - August 2021 📍 Belgrade, Serbia

MasterBox

E-learning Platform for Digital Marketing

WordPress, Elementor, CSS

- Designed and implemented a free trial feature.
- Fix some UI issues and change the landing page.

PROJECT

Wiggle

Event Application for Norway Clubs web and mobile

NextJs, ReactNative, ReactQuery, Bootstrap

- Code reviews and disseminate development best practices
- Planned and implemented the Event Management Module
- Implemented authentication and authorization mechanisms using NextAuth

S-Curve

SAAS product for Project Portfolio Management to predict risk Management

ReactJs, Redux, LangChain, ChartJs, Flask

- Development of the functionality for forecasting
- Improve agent performance and ensure data quality
- Improve performance using web workers

ACADEMIC BACKGROUND

International Multidisciplinary School

Engineering in Computer Science

Sousse, Tunisia

Sep 2022 – June 2025

Higher Institute of Mathematics and Informatics

Bachelor in Computer Science

Monastir, Tunisia

Sep 2019 – July 2022

LANGUAGE PROFICIENCY

- Arabic: Native or bilingual proficiency
- English: Full professional proficiency (B2)
- French: Professional working proficiency

CERTIFICATIONS

- AWS Certified Machine Learning - Specialty
- Microsoft Certified: Azure Fundamentals
